

Looking for new patients?

Dear Patrick & Christopher,

We did a weekend screening at a health fair the Monday before I opened my practice. We scanned 170 people – the busiest booth at the event.

On opening day, I had 8 new patients from the fair with dozens more booked for later in the week. My new CA said, "Wow, what did you do before you had the Insight?" I told her that I hated to think about it.

Thanks for everything!

Dr. Lori Broker
