

ANJC's Nutrition Education Council and Silver Sponsors work together to educate members on the latest nutritional research, protocols and nutritional supplements. NEC offers Silver Sponsors a unique opportunity to focus on ANJC member doctors who have shown a strong interest in incorporating nutrition into their practices. Dr. Steven Zody, NEC chair states, "NEC is going to serve as THE leader in nutritional education for the chiropractic profession. The goal is to educate and promote nutrition to the profession and the public so that NJ Chiropractors are known as the go-to doctors for all health conditions."
