

2 Workshops Remain

Integrating Nutrition into Every Day Practice

Approved for 9 CEUs

Please note: Location for Jan. workshop has changed to the Carriage House in Galloway

All Programs Scheduled Thursdays – 8:30am to 6pm
Co-Sponsor – New York Chiropractic College

NYCC Provides Letter of Attendance after Each Program

With scope done and the *doors to nutrition open*, ANJC presents nationally renowned faculty to assist members better manage their patient's nutritional needs and to improve outcomes.

All hours attended can be applied to the 45 contact hours required by law.

1) Comprehensive Nutritional & Metabolic Profiling of the Complicated Patient –

Dr. David M. Brady

November 18, 2010 – Lakeside Manor, Hazlet

Topic: This presentation explores cutting-edge laboratory methodology which can be used to quickly, conveniently, and economically assess foundational aspects of an individual's unique biochemistry and metabolic state, and nutritional status to optimize health and reduce disease risk.

2) Foundations of Chiropractic Nutritional Therapy –

Dr. Jay R. Robbins

January 20, 2011 – Carriage House, Galloway

Topic: The presentation provides chiropractors with information related to relationships between chiropractic analysis and interventions, and nutritional needs of the patient. The doctor will be able to better understand the role diet and dietary supplementation plays in promoting patient wellness.
